

PETERCHURCH PARISH COUNCIL

RISK ASSESSMENT SCHEME

The management of risk is an important part of the Council's work; making sure that the people who use our facilities are safe, giving the staff the protection to get on with their work, and protecting the assets that the Council hold. Risk assessment happens all the time, but once a year, the Council brings the information together and collates it in a single document.

Risk assessment is a systematic general examination of working conditions, workplace activities and environmental factors that will enable the Parish Council to identify any and all potential inherent risks. The Parish Council, based on a recorded assessment, will take all practical and necessary steps to reduce or eliminate the risks, insofar as is practically possible.

Management				
Subject	Risk(s)	H/M/L	Management/Risk Mitigation	Review/Assess/Revise
